

The SAS architecture offers a new level of price/performance flexibility for the system builder by supporting both SAS and Serial ATA (SATA) disk drives and components at data rates of up to 3Gbps or 6Gbps. These cables are constructed with 30AWG, 8 pair cable, include the sideband signal cable and feature SFF-8087 connectors. This cable is used to connect a Mini-SAS 36 Host to a Mini-SAS drive within a server or other network device.

Specifications

General Info

Product Line	C2G	UPC Number	757120061946
Country Of Origin	Taiwan, Province Of China	Application Sector	Commercial, Industrial
Type	Cable		

Dimensions

Cable Length	3.3 ft
--------------	--------

Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
--------------------------	-----	--------------------------	------------------------------

Technical Information

Cable Type	Internal PC	Jacket Rating	Standard Non-Rated
Adapter Rear	Mini SAS	Adapter Front	Mini SAS
