

These cables are designed to support long length interconnects between active network equipment in data center and enterprise networking Infiniband applications. Our QSFP+ active optical cable assemblies are constructed using premium optical cable and feature active QSFP+ (SFF-8436) connectors with pull-tab ejectors for easy connection to equipment. These assemblies support up to 4x10G per lane for up to 40Gb, meeting or exceeding current standards specifications.

## Features & Benefits

- Designed for point to point connections between network equipment
- Supports up to 4x10G per lane for up to 40Gb, meeting or exceeding current standards
- Constructed with pull-tab ejectors on the connectors for easy connection to equipment

## Specifications

### General Info

Product Line	C2G	Color	Orange
UPC Number	757120062035	Country Of Origin	Taiwan, Province Of China
Application Sector	Commercial, Industrial	Type	Cable, Active Device

### Dimensions

Cable Length	82 ft
--------------	-------

### Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
--------------------------	-----	--------------------------	------------------------------

### Technical Information

Fiber Optic Cable Type	Multimode	Cable Type	Active Optical Cable (AOC)
Data Transfer Rate	40 Gbps	Adapter Rear	QSFP+ (SFF-8436)
Adapter Front	QSFP+ (SFF-8436)
