

These cables are designed to support long length interconnects between active network equipment in data center and enterprise networking InfiniBand applications. Our QSFP+ active optical cable assemblies are constructed using premium optical cable and feature active QSFP+ (SFF-8436) connectors with pull-tab ejectors for easy connection to equipment. These assemblies support up to 4x10G per lane for up to 40Gb, meeting or exceeding current standards specifications.

Features & Benefits

- Designed for point to point connections between network equipment
- Supports up to 4x10G per lane for up to 40Gb, meeting or exceeding current standards
- Constructed with pull-tab ejectors on the connectors for easy connection to equipment

Specifications

General Info

Product Line	C2G	Color	Orange
UPC Number	757120062066	Country Of Origin	Taiwan, Province Of China
Application Sector	Commercial, Industrial	Type	Cable, Active Device

Dimensions

Cable Length	164 ft
--------------	--------

Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
--------------------------	-----	--------------------------	------------------------------

Technical Information

Fiber Optic Cable Type	Multimode	Cable Type	Active Optical Cable (AOC)
Data Transfer Rate	40 Gbps	Adapter Rear	QSFP+ (SFF-8436)
Adapter Front	QSFP+ (SFF-8436)
