C2G

Discontinued - 1.5ft (0.46m) 7-pin 180° to 90° 1-Device Side Serial ATA Cable

Part No. CG-10185

When connecting serial ATA devices to your motherboard or host controller, you want a permanent solution. The last thing you need is a cable that could fatigue, or even fail over time, because of bending or stress occurring right at the critical connection. Our angled connectors deliver the cable at a more desired angle and are fortified to keep the cable lined up straight. So you'll see less cable bend and fatigue for longer cable life.

SATA 3.0 compatible with transfer rates up to 6 Gbps! This serial ATA cable is especially designed to handle the differential signals implemented in today's technology, while delivering increased throughput and reduced data packet loss.

With our 7-pin, 1-device cable, you'll receive higher data transmission rates, reduced crosstalk, and improved signal integrity.

Plus, this cable reduces overheating and saves internal space within the CPU unit for easy movement when adding or removing hard drives, PCI cards or other adapters. Our serial ATA cable can minimize clutter, increase airflow and maximize your potential transfer rate.

Features & Benefits

- Angled connectors are fortified to keep the cable lined up straight
- SATA 3.0 compatible with transfer rates up to 6 Gbps
- Capable of higher data transmission rates, reduced crosstalk, and improved signal integrity
- Reduces overheating and saves internal space

Specifications

General Info

Product Line	C2G	Color	Red
UPC Number	757120101857	Country Of Origin	China
Features	Right Angle	Application Sector	Commercial, Residential
Warranty Type	Lifetime	Type	Cable

Dimensions

Cable Length	1.5 ft

Technical Information

Jacket Material	PVC (Polyvinyl Chloride)	Cable Type	Serial
Jacket Rating	Standard / Non-Rated	Adapter Rear	SATA 7-pin Male
Adapter Front	SATA 7-pin Male
