

Connect eSATA devices to SATA controllers with the Type A connector, or eSATA controllers to SATA drive enclosures with the Type A connector. This cable meets SATA I and SATA II specifications. eSATA provides more performance than current solutions, is hot-pluggable, and also SATA 3.0 compatible with transfer rates up to 6 Gbps!

You can now utilize shielded cable lengths up to 2 meters outside the PC to take advantage of the benefits the SATA interface brings to storage.

SATA is now out-of-the-box as an external standard, with specifically defined cables, connectors, and signal requirements. With eSATA, you get a robust and user-friendly external connection with high performance and cost-effective expansion storage.

Features & Benefits

Supports transfer rates up to 6 Gbps

Out-of-the-box external SATA connection

Available in lengths up to 2m

Specifications

General Info

Product Line	C2G	UPC Number	757120102311
Country Of Origin	China	Application Sector	Residential, Commercial
Type	Cable		

Dimensions

Cable Length	6.6 ft
--------------	--------

Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
--------------------------	-----	--------------------------	------------------------------

Technical Information

Jacket Material	PVC (Polyvinyl Chloride)	Cable Type	Serial
-----------------	--------------------------	------------	--------

Jacket Rating

Standard Non-Rated

Adapter Rear

eSATA 7-pin Male

Adapter Front

SATA 7-pin Male
