

Get rid of bulky USB adapters and charge your USB devices directly from a power outlet using radiant® USB charging receptacles. The radiant® USB charging outlets are perfect for charging USB 2.0 and USB 3.0 devices such as tablets, smartphones and portable music players. The receptacle includes four USB charging ports. The USB Type A ports support a total charging capacity of 4.2A. The receptacle is designed with back and side wire terminals that accommodate #14 AWG - #10 AWG stranded and solid copper wire for installation flexibility.

With style and elegance in mind, radiant® USB charging receptacles and wall plates are offered in light almond and white finishes. Additional radiant® USB charging receptacles are available with or without 15A duplex outlets and with up to four USB charging ports.

Screwless wall plate included with receptacle.
