

Don't let your interconnects be the weak link in your audio system chain! This audio cable offers excellent sound quality because its bonded construction design delivers a neat, easy connection of audio signals. Twisted pair oxygen-free copper wire and foamed PE dielectric are optimized for audio signal transmission. The 100% foil shield protects the audio signals from electromagnetic interference (EMI) and radio frequency interference (RFI). Color-coded molded connectors and an ultra-flexible jacket enable easy installation. 24K gold-plated heavy duty contacts ensure a lifetime of performance.

Features & Benefits

Color coded, fully molded connectors
 24K gold plated contacts

Ultra flexible PVC jacket
 Tinned Oxygen Free Copper

Specifications

General Info

Product Line	C2G	Color	Blue
UPC Number	757120130338	Country Of Origin	Vietnam
Application Sector	Commercial, Residential	Type	Cable

Dimensions

Product Length US	6.0 FT	Cable Length	6 ft
-------------------	--------	--------------	------

Technical Information

Jacket Material	PVC (Polyvinyl Chloride)	Plating Specification	Gold
Signal Transmission	Bidirectional	Operating Temperature Max	60 °C
Cable Type	Audio	Jacket Rating	Standard / Non-Rated
Cable Diameter	4.5 mm	Connector 2	RCA Stereo Audio Male
Connector 1	RCA Stereo Audio Male
