

A low-cost alternative to high-priced active converters. Use this to connect the female end of an s-video cable with the male end of an RCA composite video cable. The Y/C signal separation circuitry provides a bright, crisp picture from a DVD player, VCD player, laser disc, VCR, camcorder, cable/DSS receiver or multimedia PC to an a/v receiver, TV or monitor. Gold terminals ensure long-lasting, corrosion-free connections. Passive construction; no power adapters are required.

## Specifications

### General Info

Product Line	C2G	Color	Blue
UPC Number	757120130581	Country Of Origin	China
Warranty Type	Lifetime	Type	Adapter

### Technical Information

Adapter Rear	RCA Composite Video Female	Adapter Front	S-Video Male
