

This 2-Post Open Frame Rack is an ideal solution for mounting networking and telecom equipment in a wide variety of IT applications from small wiring closets to colocation datacenters. This rack is designed for standard 19in equipment, has a 3in channel, and supports up to 750lbs. The computer guided manufacturing makes this rack self squaring and self supporting. Additionally, this rack features a standard EIA hole pattern front and back and it meets EIA-310 Standard.

Features & Benefits

45 rack units (78.75in) for equipment mounting

Standard EIA hole pattern front and back

Meets EIA-310 Standard.

Self squaring and self-supporting

750lbs static load capacity
