

This Wall Mount Open Frame Rack is an ideal solution for mounting network and telecom equipment in a wide variety of applications where floor space is a premium. This self-squaring rack allows for the mounting of virtually any data or telecommunications component and is quick and easy to assemble thanks to its self-aligning design. The mounting rails feature #12-24 heavy duty threads for secure mounting of equipment and fifty #12-24 equipment mounting screws are included. This rack features extra large cable openings at top and bottom that prevent kinking and excessive bending of cables. The black textured powder coat finish makes this rack durable and rust-resistant.

## Features & Benefits
