This junction box is the ideal solution for mounting a wall plate or device and connecting to a piece or to pieces of raceway. The junction box features an extra deep design providing 1-3/4 inch of depth, concentric twistouts for 2700, 2800 and 2900 series raceway on each side of the box, a rectangular knockout in the base for extension to the box and concentric 1/2 and 3/4 inch trade size knockouts. Available in standard colors which match the raceway, this junction box features a smooth plastic finish, which is paintable with latex paint, and is designed to work with a standard double gang wall plate or device.

## Features & Benefits

Deep, 1-3/4 inch, box design

Durable, impact-resistant PVC construction

Standard color to match Uniduct raceway

Paintable using latex paint

TAA Compliant
