

This internal elbow is the ideal solution for making a right angle turn and connecting two pieces of raceway. The internal elbow attaches to the end of two pieces of raceway and allows cabling to make a right angle turn. Available in standard colors which match the raceway, this internal elbow features a smooth plastic finish, which is paintable with latex paint, and is designed to work with 2800 series raceway.

## Features & Benefits

Durable, impact-resistant PVC construction

Standard color to match 2800 series raceway

Paintable using latex paint

TAA Compliant

## Specifications
