

This internal elbow is the ideal solution for making a right angle turn and connecting two pieces of raceway. The internal elbow attaches to the end of two pieces of raceway and allows cabling to make a right angle turn. Available in standard colors which match the raceway, this internal elbow features a smooth plastic finish, which is paintable with latex paint, and is designed to work with 2900 series raceway.

## Features & Benefits

- Durable, impact-resistant PVC construction
- Paintable using latex paint
- Standard color to match 2900 series raceway
- TAA Compliant

## Specifications
