

This reducing connector is the ideal solution for connecting two pieces of raceway which are different sizes. The reducing connector attaches to the end of two pieces of raceway and allows for a seamless transition. Available in standard colors which match the raceway, this reducing connector features a smooth plastic finish, which is paintable with latex paint, and is designed to create a transition between 2800 and 2700 series raceway.

Features & Benefits

| | |
|--|---|
| Durable, impact-resistant PVC construction | Standard color to match Uniduct raceway |
| Paintable using latex paint | TAA Compliant |
