

Wiremold OFR series Overfloor Raceway System provides four-channels of capacity and access to a wide range of power, communications, and A/V connectivity options in the smallest, lowest, narrowest, ADA compliant profile available in overfloor raceway systems. This system installs over existing floor coverings and is both tamper-resistant and installer-friendly, making it an ideal solution for relocatable or permanent installations where access through floors and ceilings is not an option. Divided two-gang device box. Allows multiple services (power, data, A/V) at a single point-of-use. Side facing device mounting provides low profile, with space for large cable bend radius. Accepts OFR series device plates. Removable divider can be aligned with any of the raceway channels.

Features & Benefits

- Lowest profile overfloor raceway available in the industry
- Multiple channel base provides space for power, communications and A/V requirements
- Meets ADA Accessibility Guidelines for ADA Standard 4.5
- Attaches directly to floor covering, no need to alter carpeting, tile or wood
- Installs in open space areas where in-floor or ceiling distribution are not accessible
- TAA Compliant

Specifications

General Info

Product Line	C2G	Color	Black
UPC Number	786776175165	Country Of Origin	United States
Application Sector	Residential, Commercial	Type	Accessory

Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
