

Wiremold 2400 series raceway is a single compartment raceway designed for communication or power applications and ideal for use in classrooms, offices, and hotel applications, or anywhere a small low profile raceway is needed. One-gang device box with extra depth to allow installation of cabling that requires greater bend radius and storage. Cover has one twistout for 2400 series raceway on each side and one twistout for 700 series raceway on the top and bottom. Accepts industry standard faceplates for electrical and communication devices

Features & Benefits
