

The plenum-approved Evolution Series Ceiling Box provides a compact design, with a projector mount option and a hidden place for the needed active equipment. These boxes are perfect for smaller spaces like conference rooms and education facilities where racks will not fit. When more capacity is required an additional shelf can be purchased. The shelf is made of steel and has a unique pattern that has been specifically designed to accept most audio/video devices. The shelf is powder coated white and equipped with quick release tabs which allow the shelf to pivot both forward and backward, and be easily and quickly installed or removed.

Features & Benefits

- Offered in six different versions from a basic model to the RackLink version
- The storage shelf is removable to allow A/V equipment to be mounted outside the box, facilitating a quicker, easier installation.
- Wiremold Part #: ECB-SHELF
- allowing the correct box to be selected for a given job.
- Plenum Rated, suitable for use in plenums in accordance with section 300.22(c) of the National Electrical Code.
