

**C2G**  
**DISCONTINUED: radiant® Furniture Power Center with Power Switch, 2 Outlets and USB - Black**  
 Part No. CG-16354

The radiant Furniture Power Center provides a sleek, modern design with the functionality of USB and traditional power in one unit. This convenient addition to furniture--with both charging and power-- makes it a perfect solution for businesses such as coffee shops and restaurants, hotel guest rooms and lobbies, waiting rooms and offices, as well as for residential use.

**Convenience**

The compact, low profile design mounts quickly into most surfaces using screw clamps instead of wood screws. Installation is simple, and the included bezel gives a professional appearance by preventing exposed screws from being seen. The pass-thru plug allows you to connect the unit to any outlet--even one that is already being used.

**Performance**

The USB ports offer 5V, 3.1A of total charging power to quickly charge mobile devices. The power receptacles are protected against spills, and are tamper-resistant to protect yourself and your devices from damage or risk of injury.

**Features & Benefits**

- Compact, low profile mounting design
- 2 USB charging ports (5V, 3.1A total)
- Push button switch for cord-connected light fixture
- Screw clamps instead of wood screws
- 2 tamper-resistant receptacles
- Pass-thru plug on cord end
