

When working in a wiring closet or a cabinet space is limited and cords can easily be misidentified and disconnected causing detrimental downtime. Perform maintenance tasks with confidence by using color power cords in a data environment allowing for quick and accurate identification of equipment.

**Power Up**

Connect PDUs to servers, switches, or other data center equipment. This cable can deliver 15 Amps up to 250 Volts to any connected device ensuring correct operating power

**Level Up**

Each color power cable is constructed to the highest industry standards, to ensure high-quality installs and deliver the stability and durability that is needed for reliable network performance.

**Maintain Excellence**

Allow IT technicians to perform maintenance tasks with confidence and easily locate equipment based on functionality or location, saving both time and money using color coded power cables.

## Features & Benefits

- Full length color jacket with matched color connectors
- Rated up to 250V 10A
- Constructed of heavy duty 18AWG conductors
- UL listed

## Specifications

### General Info

Product Line	C2G	Color	Orange
UPC Number	757120175186	Country Of Origin	China
Application Sector	Commercial, Industrial	Type	Power Cord

### Dimensions

Cable Length	10 ft
--------------	-------

### Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
--------------------------	-----	--------------------------	------------------------------
