

The DVI-I Female to Female Coupler is the perfect solution for combining two DVI cables to achieve connectivity over a longer distance. The coupler is compact and designed for minimal signal loss. The passive design of this coupler allows it to support video resolutions of up to 1080p. All pins on this adapter are wired straight through, allowing connectivity between DVI-I or DVI-D cables which provides support for either analog or digital signal.

Note: This adapter is passive and not able to convert an analog signal to a digital signal or a digital signal to an analog signal. Also, standard signal length limitations apply to coupled cables

Features & Benefits

Support video resolutions of up to 1080p

Combines two DVI cables to achieve connectivity over a longer distance

Compact and designed for minimal signal loss

Specifications

General Info

Product Line	C2G	Color	Black
UPC Number	757120184034	Country Of Origin	China
Application Sector	Commercial, Residential	Type	Coupler

Dimensions

Product Width US	1.59 in	Product Height US	0.6 in
Product Length US	2.0 in		

Technical Information

Storage Humidity	15-85% RH (Non-Condensing)	Connector 2	DVI-I Dual Link Female
Connector 1	DVI-I Dual Link Female	Operating Temperature	0°-50°C
Operating Humidity	15-85% RH (Non-Condensing)	Storage Temperature	-25° - 85° C
