

The 2-Port USB-C + USB-A Wall Charger is an ideal solution for charging or powering portable devices at home, in the office, or on the go. This adapter features a compact design for easy portability and provides a maximum power output of 5V and 5.4A for device charging.

The compact design of this adapter makes it easy to toss into a suitcase or backpack for charging on the go. The AC prongs fold into the adapter for travel, lessening the likelihood of damage to the prongs.

A maximum of 5 volts and 5.4 amps of power are available through a single USB-C 3A port and a single USB-A 2.4A port for device charging when plugged into an AC outlet. The power output makes this adapter perfect for charging smartphones and tablets.

## Features & Benefits

5V, 5.4A maximum output	One 3A USB Type-C female port
Compatible with USB-C and Thunderbolt™ 3 cables	One 2.4A USB-A female port
Compact size	Foldable AC prongs

## Specifications
