

The USB-C to VGA Travel Adapter is the perfect solution for connecting a device with a USB 3.1 Type-C connector to a projector or other display with a VGA input. With this adapter, you can rest easy knowing that you have the right connection you need while traveling or on the go. This travel adapter is a perfect accessory to the Apple® iPad Pro® and other leading laptops and tablets.

Convenience

The compact, mobile design of this adapter and the convenient smart ring keychain make it perfect for BYOD (Bring Your Own Device) applications in any environment. Simply keep this adapter on your keychain or even in your pocket to be prepared for your next big meeting.

Performance

This adapter supports resolutions up to 1920 x 1080 at 60Hz, allowing it to deliver a high-quality video image to the connected display.
