

The USB-C to VGA Video Adapter Cable allows for a direct connection of a USB-C device to a monitor, projector, or other display with a VGA port--making it an ideal solution for the office, work space applications, or home use. This adapter cable is a perfect accessory for Apple®, Microsoft® Surface®, and other leading laptops and tablets.

The cable form factor of this adapter provides a simple and convenient solution that eliminates the need for a separate adapter and cable.

This adapter utilizes the audio/video support built into USB Type-C ports to feed an video signal to a monitor or projector. This adapter supports up to a 1920 x 2100 at 60Hz resolution, allowing it to deliver a high quality video image to the connected display.
