

Build USB 2.0 functionality into a custom system with a secure and efficient fixed port. Provide access to a PC, printer, projector, or other USB device with minimal exposure or repositioning. From basic port reroutes in a PC, to connections at podiums and kiosks, a panel-mount cable is the right solution to keep your connection clean and professional.

Foil and braid shielding reduces EMI/RFI interference, and twisted pair construction helps reduce crosstalk thus ensuring high speed, error-free data transfer. This cable also features molded screw-style connectors that enable easy connection to a faceplate or machined port.

Features & Benefits

- Perfect for placing a fixed USB connection in a convenient place
- Mounts to a desk or podium for easy access to a USB port
- Available in lengths up to 3ft

Specifications

General Info

Product Line	C2G	UPC Number	757120280606
Country Of Origin	China	Application Sector	Residential, Commercial
Type	Cable		

Dimensions

Cable Length	0.5 ft
