

When a standard USB cable cannot transfer enough power to operate an external device, such as a portable 2.5in hard drive, you need a USB 2.0 y-cable. Simply plug this cable's USB Mini-b end into the device, and then plug the two USB A ends into open USB ports on one PC or Mac. This cable then pulls power from both USB ports, and thus increases the output to the external drive.

The red molded hood on the auxiliary USB A connector enables the user to quickly distinguish between main and auxiliary power. Foil and braid shielding reduces EMI/RFI interference, and twisted pair construction reduces crosstalk for high speed, error-free data transfer. This cable is compatible with USB 1.0, 1.1, and 2.0 specifications.

**Please Note:** This cable is not designed to split USB signals to multiple computers. The two USB A connectors are meant to plug into USB ports on the same computer. Furthermore, thanks to customer feedback, we have extended the length of the arms of the Y from 9 to 12 inches.

## Features & Benefits

Pulls power from USB ports and increases the output to an external drive

Pulls power from USB ports and increases the output to an external drive

Pulls power from USB ports and increases the output to an external drive

Pulls power from USB ports and increases the output to an external drive

Pulls power from USB ports and increases the output to an external drive

Pulls power from USB ports and increases the output to an external drive

## Specifications

### General Info

Product Line	C2G	UPC Number	757120281078
Country Of Origin	China	Application Sector	Residential, Commercial
Type	Cable		

### Dimensions

Cable Length	6 ft
--------------	------

### Additional Information

---

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
--------------------------	-----	--------------------------	------------------------------

---

## Technical Information

---

Jacket Material	PVC (Polyvinyl Chloride)	Cable Type	USB
Data Transfer Rate	480 Mbps	Adapter Rear	USB-A Male, USB-A Male
Adapter Front	USB Mini-B Male
