

Connect to cell phones, GPS systems, PDAs, and digital cameras by using the micro-USB connection on your computer or other USB device. The micro-USB connector is smaller and thinner than the previous USB Mini-b standard while offering better performance. Its small right angle form factor is ideal for today's compact portable devices while easily transferring data or charging your device at a transfer speed up to 480 Mbps. This cable is compliant with USB 2.0 specifications.

Features & Benefits

- Use to connect a mobile device with Micro-USB to a PC
- Right angle design is perfect for making a connection in a tight spot
- Available in lengths up to 5m

Specifications
