

This USB 2.0 USB-C to USB-Micro B Adapter Converter is the perfect solution for adapting an existing USB 2.0 USB-C to USB-Micro B cable for connecting the USB Type-C port of a smartphone, tablet, or other device to a USB-C port on a computer, tablet, or other device for USB 2.0 communication. The color coded USB Type-C connector allows this adapter converter to be easily identified as a USB 2.0 adapter and differentiated from other adapters which may support a different feature set. The USB Type-C connector is smaller than traditional USB connector and features a symmetrical design which allows it to be easily connected on the first try. Additionally, the durability of the USB Type-C connector allows for up to 10,000 connection cycles. This adapter converter supports a data rate up to 480Mbps for data transfer and sync with 5 volts and 1 amp of power for device operation and charging.

Features & Benefits

- Adapt a USB 2.0 USB-C to USB-Micro B cable to connect the USB-C port of a smartphone, tablet or other mobile device to a USB-C port
- Backwards compatible with USB 2.0 and USB 1.1 devices
- Designed to support USB 2.0 communication and features
- Color coded white and labeled to designate USB 2.0 feature support

Specifications

General Info

Product Line	C2G	Color	Black
UPC Number	757120288695	Country Of Origin	China
Application Sector	Residential, Commercial	Type	Adapter
