

The Velocity video cable ensures vivid picture quality and maximum detail from your composite video sources. This cost-effective high-performance cable has a real performance advantage over cheap "included in the box" cables included with many consumer electronics products. The low loss 75 Ohm oxygen-free copper conductor and foamed PE dielectric maintain proper characteristic impedance, and guarantee that you will experience all the picture quality and performance your equipment can deliver.

An oxygen-free copper (OFC) braided shield protects against electromagnetic interference (EMI) and radio frequency interference (RFI). Fully molded connectors provide excellent strain relief. A flexible jacket and 24-karat gold-plated heavy duty contacts ensure long-lasting quality.

Features & Benefits

- Designed to connect a composite video source to a composite receiver or display
- Fully molded cable design
- Shielded to prevent unwanted EMI/RFI interference
- 24-karat gold-plated heavy duty contacts

Specifications

General Info

Product Line	C2G	UPC Number	757120291060
Country Of Origin	China	Application Sector	Residential, Commercial
Warranty Type	Lifetime	Type	Cable

Dimensions

Cable Length	75 ft
--------------	-------

Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
--------------------------	-----	--------------------------	------------------------------

Technical Information

Cable Type	Video	Adapter Rear	RCA Composite Video Male
