

This Velocity y-cable delivers excellent sound quality for today's audio applications. Twisted pair, oxygen-free copper wire and foam dielectric reduce distortion to optimize audio clarity. The low-loss 100% spiral-wound oxygen-free copper shielding offers protection against noise and interference. The color-coded, molded connectors attach to an ultra-flexible jacket to enable easy installation and identification.

The 24K gold-plated heavy duty connectors ensure long lasting sound quality from corrosion-free connections. Use this cable to connect mono audio to stereo audio equipment with dual RCA connectors.

Features & Benefits

- Delivers excellent sound quality for audio applications
- Delivers excellent sound quality for audio applications
- Delivers excellent sound quality for audio applications
- Delivers excellent sound quality for audio applications
- Delivers excellent sound quality for audio applications
