

Our Velocity speaker wire offers maximum sound and a wide dynamic range for today's audio and home theater applications. The stranded oxygen-free copper wire lowers inductance and capacitance to ensure a superior, clear sound quality. For low noise and distortion, each conductor is wrapped by polypropylene insulation. For price and performance, this is the ideal solution to connect speakers to your receiver. An ultra-flexible jacket enables easy installation.

Features & Benefits

Offers maximum sound and a wide dynamic range

Stranded oxygen-free copper wire to lower inductance and capacitance

Each conductor is wrapped by polypropylene insulation

Ultra-flexible jacket enables easy installation

Specifications

General Info

Product Line	C2G	Color	Blue
UPC Number	757120291749	Country Of Origin	China
Application Sector	Commercial, Residential	Type	Speaker Wire

Technical Information

Cable Type	Audio	Jacket Rating	Standard / Non-Rated
