

C2G
25ft (7.6m) Velocity™ Right Angled Subwoofer Cable
Part No. CG-29182

Overcome difficult connections due to confined spaces between a receiver and entertainment units, wall or rack with Velocity Right Angled Subwoofer cables.

Twisted pair oxygen-free copper wire and foamed PE dielectric fight noise and hum, and are optimized for bass signal transmission. Oxygen-free copper conductors deliver awesome impact and bass detail. The low loss 100% foil and spiral-wound oxygen-free copper (OFC) shielding protects the important bass signals from electromagnetic interference (EMI) and radio frequency interference (RFI). A tough, ultra-flexible jacket and 24K gold-plated heavy duty contacts ensure a lifetime of performance.

Features & Benefits

- Oxygen-free copper center conductors
- 100% foil and dual OFC shields to protect against unwanted noise and interference
- 24K gold-plated contacts for long-lasting quality

Specifications
