

HDMI over Cat allows HDMI audio/video signals to be extended over a single Cat5e, Cat6 or Cat6a cable up to 230ft at a 4K resolution. This solution is compatible with any operating system and is truly plug and play with no drivers or software required. The transmitter and receiver are available in either a wall plate or box form factor and are interoperable allowing this solution to meet the needs of the installation environment. In addition, this solution utilizes TruChoice™ power, which allows power to be supplied over the Cat cable to both the transmitter and receiver from a single power adapter placed at either the transmitter or the receiver end of the solution. HDBaseT technology supports HDCP and allows the Extended Display Identification Data (EDID) signals, i.e. communication of the display's capabilities, to pass through the extension solution ensuring that the content from the source is sent at the optimal resolution for the display. Built-in power surge protection and high ground loop immunity ensure high performance signal extension.

Features & Benefits

- Extend 4K HDMI (4096 x 2160 at 30Hz, 4:4:4) up to 230ft
- Utilizes a single Cat5e, Cat6 or Cat6a cable for extension
- TruChoice Power allows for power at transmitter or receiver end
- Extend 4K HDMI (4096 x 2160 at 60Hz, 4:2:0) up to 230ft
- HDBaseT technology supports EDID pass through

Specifications

General Info

Product Line	C2G	Color	Aluminum
UPC Number	757120292234	Country Of Origin	Taiwan, Province Of China
Warranty Type	3-Year	Type	HDBaseT, Transmitter

Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
--------------------------	-----	--------------------------	------------------------------

Technical Information

Video Resolution	4K 30Hz, 4K, 1080p	Adapter Rear	RJ-45 Female
Adapter Front	HDMI Female
