

This USB-C to VGA adapter is an ideal solution for connecting a device with a USB 3.1 Type C connector to a VGA monitor or projector to display video. This adapter supports up to a 1920x1200 resolution allowing it to deliver a high quality video image to the connected display. The compact design of this adapter make it a perfect pair for BYOD (Bring Your Own Device) applications in education or corporate environments. This adapter is a perfect accessory for Apple®, Microsoft® Surface®, and other leading laptops and tablets.

Note: To install, first plug the USB-C connector of the dongle into the laptop, tablet, or other source device, then plug the HDMI cable from the display into the HDMI port of the dongle
