

This USB-C to DisplayPort adapter is ideal for showing presentations, pictures or other audio/video content from the USB-C port of a laptop or tablet to the Displayport input of a monitor, projector, or HDTV. This adapter supports up to a 4k (4096 x 2160 at 30Hz) resolution, allowing it to deliver a high quality video image to the connected display. The compact design of this adapter makes it a perfect pair for BYOD (Bring Your Own Device) applications in education or corporate environments. Pairing this device with the USB-C to VGA adapter or the USB-C to HDMI adapter provides you with a video port for any situation when your presenting. This adapter cable is a perfect accessory for Apple®, Microsoft® Surface®, and other leading laptops and tablets.

Note: To install, first plug the USB-C connector of the dongle into the laptop, tablet, or other source device, then plug the HDMI cable from the display into the HDMI port of the dongle
