

C2G

**DISCONTINUED: 16.4ft (5m) DVI-D™ M/F Dual Link Digital Video Extension Cable**

Part No. CG-29530

This precision-engineered cable is fully compliant with the DVI standard defined by DDWG (Digital Display Working Group). The DVI-D dual link configuration provides enough bandwidth for resolutions up to 2048 x 1536 pixels and allows high speed digital video transmission up to 9.9 Gbps. 28 AWG copper conductors are individually insulated in foam-polypropylene to minimize crosstalk, and ensure high speed, error-free transmission.

Tri-shielded undermold with dual foil shield and braid shield protects against unwanted EMI/RFI interference. Gold-plated contacts provide full conductivity with no data loss. PC and Mac compatible cable supports hot-plugging of DVI display devices. PC-99 color-coded: white

Please Note: Does not support analog video; only supports digital video signal.

## Features & Benefits

24-pin digital video cable with transfer rates up to 9.9 Gbps Perfect for extending a DVI-D cable for better projector or display placement

Available in lengths up to 5m

## Specifications

### General Info

Product Line	C2G	UPC Number	757120295303
Country Of Origin	China	Application Sector	Residential, Commercial
Warranty Type	Lifetime	Type	Cable

### Dimensions

Cable Length	16.4 ft
--------------	---------

### Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
--------------------------	-----	--------------------------	------------------------------

### Technical Information

Jacket Material	PVC (Polyvinyl Chloride)	Wire Gauge	28 AWG
Video Resolution	QXGA (2048x1536)	Cable Type	Extension, Video

---

Jacket Rating

Standard Non-Rated

Data Transfer Rate

9.9 Gbps
