

The Ultima cable optimizes style, quality, and value in a cable specially designed for high performance. This cable has 26 AWG copper conductors that provide excellent signal transmission. Copper foil wraps an aluminum undermold shield to assist in reducing EMI/RFI interference to meet FCC requirements, while a 360° solder-to-connector shell create an end-to-end shielding solution for a noise-free connection.

24k gold-plated connectors provide maximum corrosion resistance for error-free data transfer. The charcoal gray cable jacket not only matches your case but disappears behind your desk leaving a clean organized look. The sleek design of the molded connectors makes them easy to grip; plus they are color-coded to match the ports on your PC or laptop for a quick, correct connection.

Finally, an ultra-flexible jacket makes installation easy, and heavy duty molded strain relief provides increased flexibility and durability. Compatible with all PS/2 devices.

Features & Benefits

26 AWG copper conductors that provide excellent signal transmission

Specifications

General Info

Product Line	C2G	Color	Black
UPC Number	757120296133	Country Of Origin	Vietnam
Warranty Type	Lifetime	Type	Cable

Dimensions

Product Length US	6.0 FT	Cable Length	6 ft
-------------------	--------	--------------	------

Technical Information

Cable Type	Extension, Keyboard/Mouse	Jacket Rating	Standard / Non-Rated
Adapter Rear	PS/2 Female	Adapter Front	PS/2 Male
