

This Standard Speed HDMI Cable With Gripping Connectors is the perfect solution for connecting multimedia source devices in home theater, desktop or commercial audio video applications requiring up to 1080i resolution. Ensure that your most critical equipment maintains signal with the gripping connectors which provide 3 times the port retention of a standard HDMI connector. The Ethernet capabilities of the cable allow a user to connect multiple Ethernet enabled HDMI devices through a single Ethernet connection. This fully-functional, digital video and audio cable is tested to perform at industry standards and is backed by a lifetime warranty.

Note: Both the source device and display must support a HDMI feature in order to pass that feature through this cable.

Features & Benefits

Three times greater port retention than standard HDMI connectors	Standard Speed HDMI cable including Ethernet
Supports up to 1080i video resolution	Gold plated connectors
In-wall rated CL2	

Specifications
