

The Micro Sata to Sata adapter converts the connection commonly found on 1.8 inch solid state drives to Sata connections. This adapter will allow for both the power and data connections to convert to standard Sata connectors to allow the 1.8 inch SSD to connect in a PC. This adapter will also allow the 1.8 inch SSD to convert to a USB to SATA adapter to pull information off the drive.

Please note: This is not a mSata adapter which is found on even smaller solid state drives.
