

Our 10G-CX4 latching cable incorporates semi-automated manufacturing, innovative cable and connector designs, and unique materials to provide an interconnect ideally suited for 10G-CX4 applications. This cable, which is part of the 10G ethernet standard, provides superior signal fidelity over a long distance. It is engineered to be compliant with the IEEE Draft P802.3ak/D5.3 specification.

Features & Benefits

Provides a secure connection to hardware

Designed for high performance 10G-CX4 applications

Available in lengths up to 10m

Specifications

General Info

Product Line	C2G	Color	Black
UPC Number	757120330752	Country Of Origin	Taiwan, Province Of China
Type	Cable		

Dimensions

Cable Length	33 ft
--------------	-------

Technical Information

Cable Type	Active Copper Cable	Jacket Rating	Standard / Non-Rated
Cable Diameter	4.7 mm
