

With MTRJ to ST termination, this high quality fiber optic patch cable is specifically designed for ethernet, multimedia, or communication applications. The MTRJ connector features an easy-to-use latch-type design similar to the RJ connector on a Cat5 patch cable, and is half the size of the SC connector. With its small footprint design, the MTRJ connector can increase the port density.

The ST connector features a bayonet locking system.

The patented injection molding process provides each connection greater durability in resisting pulls, strains and impacts from cabling installs.

Each cable is 100% optically inspected and tested for insertion loss before you receive it. A pull-proof jacket design surrounds the popular 62.5/125 multimode fiber, immune to electrical interference.

## Features & Benefits

- Designed to support gigabit ethernet, FDDI, multimedia, ATM, or any application that requires high speed data transfer
- Patented injection molding process for greater durability
- Optically inspected and tested for insertion loss
- Pull-proof jacket design, immune to electrical interference

## Specifications

### General Info

Product Line	C2G	Color	Orange
UPC Number	757120331377	Country Of Origin	Hong Kong
Application Sector	Commercial, Industrial	Type	Cable

### Dimensions

Cable Length	6.6 ft
--------------	--------

### Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
--------------------------	-----	--------------------------	------------------------------

### Technical Information

Cable Type	Multimode, OM1	Jacket Material	PVC (Polyvinyl Chloride)
Bend Radius	50 mm	Simplex/Duplex	Duplex

---

Cable Type	Fiber Optic	Jacket Rating	Riser OFNR-Rated
Data Transfer Rate	1 Gbps	Adapter Rear	ST Male, ST Male
Adapter Front	MTRJ Female	Fiber Size	62.5/125

---
