

With MTRJ to SC termination, this high quality fiber optic patch cable is specifically designed for ethernet, multimedia, or communication applications. The MTRJ connector features an easy-to-use latch-type design similar to the RJ connector on a Cat5 patch cable, and is half the size of the SC connector. With its small footprint design, the MTRJ connector can increase the port density. The SC connector features a push-pull locking system.

The patented injection molding process provides each connection greater durability in resisting pulls, strains and impacts from cabling installs.

Each cable is 100% optically inspected and tested for insertion loss before you receive it. A pull-proof jacket design surrounds the popular 62.5/125 multimode fiber, immune to electrical interference.

Features & Benefits

- Designed to support gigabit ethernet, FDDI, multimedia, ATM, or any application that requires high speed data transfer
- Patented injection molding process for greater durability
- Optically inspected and tested for insertion loss
- Pull-proof jacket design, immune to electrical interference

Specifications

General Info

Product Line	C2G	Color	Orange
UPC Number	757120331476	Country Of Origin	Hong Kong
Application Sector	Commercial, Industrial	Type	Cable

Dimensions

Cable Length	9.8 ft
--------------	--------

Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
--------------------------	-----	--------------------------	------------------------------

Technical Information

Cable Type	Multimode, OM1	Jacket Material	PVC (Polyvinyl Chloride)
Bend Radius	50 mm	Simplex/Duplex	Duplex
Cable Type	Fiber Optic	Jacket Rating	Riser OFNR-Rated

Data Transfer Rate	1 Gbps	Adapter Rear	SC Male, SC Male
Adapter Front	MTRJ Female	Fiber Size	62.5/125
