

**C2G**  
**Discontinued - Wall Mount for Logitech® Connect (USA Made)**  
Part No. CG-34050

The Wall Mount for the Logitech Connect offers security, stability, and convenience in a clean modern on wall install for conference rooms, huddle spaces, or other meeting spaces. The Logitech Connect wall mount is designed with 14 gauge steel that is capable of a sustained weight of 5 pounds—5 times greater than the weight of the Connect. The rubber cable grommet can channel an HDMI, USB, power cord, and lock through the mount providing strain relief to the cables and ensuring a clean installation. The mount is affixed to the wall with 3 tamper resistant screws. The Logitech Connect is clamped into the mount with a tamper resistant screw with 2 locking washers that ensure that it will not be removed from the mount. The clamp also maintains the vertical angle it is set to while still being able to rotate horizontally.

Note: The Logitech Connect is not included with the mount.

## Features & Benefits

Robust 14 gauge steel construction.

Locking vertical and horizontal angle adjustment.

Hook and loop cable management strap.

Tamper resistant screws.

Rubber grommet for cable pass through.

## Specifications
