

In today's world, portable devices are a necessity for day-to-day communication and conducting business. Having these portable devices fully charged during critical times could be the difference in winning or losing that big business deal. The high quality USB-C Power Bank provides convenient charging power while on the go, or when a power outlet is not readily accessible. Perfect for traveling, the lightweight and sleek design makes it easy to carry and store in a briefcase, laptop bag, or a purse.

The included USB-C Power Bank puts power within reach when those power hungry devices need it the most. With a capacity of 10,200mAh, the high grade lithium battery is able to provide multiple charges for most smartphones or a partial charge for larger devices, like a laptop or tablet. The LED lights on the Power Bank will indicate when it needs to be recharged. Connect to the Travel Dock with a USB-C power source, or use the Power Bank on its own with a USB-C power source to provide the necessary power for charging the Power Bank.

Note: This product contains lithium-ion batteries and is only available for ground shipping to the 48 contiguous states.

Features & Benefits

10,200mAh battery capacity provides multiple charges

5V-20V output quickly charges devices

USB-C power cable

USB-C capability -- a reversible, high-power connection

LED battery status indicator

Specifications

General Info

Product Line	C2G	Color	Black
UPC Number	757120340638	Country Of Origin	China
Features	USB-C Charging	Application Sector	Commercial, Residential
Type	Active Device, Power Supply		

Technical Information

Connector 1	USB-C Female, USB-C Male
