

Gain maximum flexibility in positioning your monitor with this angled connector cable. The 45° connector on one end of the cable allows installation in even the tightest locations. This premium VGA cable is ideal for video presentation devices, video splitters, and KVM switches. Constructed from premium grade video cable, it uses a combination of coax and twisted pair to accommodate cable runs up to 100 feet away without a booster (in most cases), and without the typical distortion problems associated with extended length cabling runs.

SXGA provides a screen resolution of 1280 x 1024 pixels.

Please Note: Pin 9 is not loaded. Pin 9 is not required for standard computer video applications.

## Features & Benefits

- Supports up to a 1280x1024 resolution
- 45° connector for installations in tight spaces
- Coax and twisted pair construction

## Specifications

### General Info

Product Line	C2G	UPC Number	757120350064
Country Of Origin	China	Application Sector	Residential, Commercial
Type	Cable		

### Dimensions

Cable Length	25 ft
--------------	-------

### Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
--------------------------	-----	--------------------------	------------------------------

### Technical Information

Jacket Material	PVC (Polyvinyl Chloride)	Video Resolution	SXGA (1280x1024)
Cable Type	Video	Jacket Rating	Standard Non-Rated
Adapter Rear	VGA Male	Adapter Front	VGA Male
