Designed for superior performance, this keystone jack will work with C2G, formerly Cables To Go, wall plates and surface boxes or any standard keystone and angled multimedia wall plate or patch panel. Available in several colors to match housing or allow color-coded port designation in compliance with TIA-606 requirements. Each keystone jack includes 110-type IDC straight-back termination with strain relief caps, and comes standard with 50 μinch gold plating on the jack contacts.

Please Note: Our keystone jacks will work with our wall plates and surface boxes, or any standard keystone and angled multimedia wall plate or patch panel.
