

Connect your nVIDIA® or PNY®, Quadro®, or Matrox® QID multiple display graphics cards with our LFH-59 cables with gold-plated contacts that provide full conductivity with no data loss. Many high-end work stations utilize multiple display graphics cards that only have a single LFH-59 or LFH-60 (also known as DMS-59 and DMS-60) connection. A breakout cable is necessary to convert this single connection into two more common monitor interfaces such as DVI™ or VGA.

Please Note: Because pin 58 is not populated on the LFH/DMS 59; our LFH-59 cable can also work for your LFH-60 applications.

Features & Benefits

- Utilizes the LFH-59 (DMS-59) connector on a video card
- Supports two DVI monitors
- Gold plated contacts for durability and a long life

Specifications

General Info

Product Line	C2G	Color	Black
UPC Number	757120380641	Country Of Origin	China
Application Sector	Residential, Commercial	Type	Cable

Dimensions

Cable Length	0.75 ft
--------------	---------

Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
--------------------------	-----	--------------------------	------------------------------

Technical Information

Jacket Material	PVC (Polyvinyl Chloride)	Video Resolution	UXGA (1600x1200)
Cable Type	Video, Adapter	Jacket Rating	Standard Non-Rated

Adapter Rear

DVI-I Dual Link Female, DVI-I Dual
Link Female

Adapter Front

LFH59 Male
