

C2G
Discontinued - MSA Standard Compliant 1000Base-SX MMF SFP (mini-GBIC) Transceiver Module
Part No. CG-39579

This SFP transceiver module is designed to comply with the Multiple Source Agreement (MSA) standard. This transceiver is built to meet or exceed the specifications of, and to comply with Multi-Source Agreement (MSA) standards. The transceiver is hot-swappable input/output device which allows a Gigabit Ethernet port to link with a fiber optic network. This transceiver may be mixed and deployed with other OEM or third party transceivers and will deliver seamless network performance.

Please Note: Installing Legrand transceivers does not void your network equipment warranty. Network equipment manufacturers all have guidelines stating that warranty support on their products will not be affected by installing a Legrand or any third party transceiver.

Features & Benefits

SFP (mini-GBIC) transceiver module	LC ports designed for use with Multimode Fiber
850nm wavelength signaling	Supports up to 550 meters of cabling

Specifications

General Info

Product Line	C2G	Color	Silver
Application Sector	Commercial, Industrial	Warranty Type	Lifetime
Type	Transceiver		

Technical Information

Connector 2	LC Female, LC Female	Connector 1	SFP Male
