

The HDMI and USB Pass-Through Wall Plate is perfect for the transition to in-wall cabling. The HDMI pass-through port includes a thin, flexible HDMI pigtail that accommodates the tight bend radius required for installations within a standard junction box. The USB pass-through provides support for passive extensions of up to five meters of total cable length, but may be used with an active USB extension solution for longer distance connections. Constructed of aircraft grade aluminum, this wall plate is designed for durability and a long life.

Specifications

General Info

Product Line	C2G	Color	White
UPC Number	757120397021	Country Of Origin	China
Application Sector	Residential, Commercial	Type	Wall Plate
