

The HDMI, VGA and 3.5mm Audio Pass Through Double Gang Wall Plate is perfect for the transition to in-wall cabling. This solution offers a clean, professional look and is ideal for classrooms, conference rooms and houses of worship.

Convenience

The HDMI and 3.5mm Audio pass through ports include thin, flexible pigtailed that accommodate the tight bend radius required for installations within a standard junction box. In addition, the decorative cutout provides a space for additional components like our USB Superboosters that fit a standard opening.

Durability

Constructed of high quality aluminum, this wall plate is designed for durability and a long life in commercial environments where constant wear and tear causes damage.

Features & Benefits

- Supports HDMI audio/video signals, VGA video and Stereo Audio
- Flexible HDMI and 3.5mm pigtailed for easy installation in a wall box
- Compatible with a standard double gang wall box
- Compatible with decorative inserts

Specifications

General Info
