

C2G Discontinued - TruLink® 2-Port UXGA Monitor Switcher/Extender with 3.5mm Audio Part No. CG-39971

Our UXGA Switcher/Extender allows you to display two computer audio/video outputs on one monitor or projector. Daisy-chain more than one switcher to expand the number of computers you can connect. With the built-in video signal enhancement, you can place the monitor up to 210 feet away while maintaining your video quality. No software is required and PC selection is easy.

Switch between computers via push buttons or use the infrared (IR) remote control up to six feet away. From use in test bench facilities, data centers and help desks, to classrooms, and multimedia centers, the TruLink Video Switcher/Extender delivers both performance and value.

Input: Two HD15 Female and Two 3.5mm Female
Output: One HD15 Female and One 3.5mm Female

Features & Benefits

Two VGA and Stereo Audio inputs and one VGA and Stereo Audio output
